

## Some ideas for CSR in Italy

1. ITC minimises the use of transportation wherever possible to minimise pollution by offering walking tours to restaurants which are within walking distance of hotels.
2. Coach and sedans are turned off while waiting for guests.
3. Public transportation can be used for treasure hunts / city tours in the major cities (Venice-the public boats, Rome -buses, etc.)
4. ITC offers biking options in Rome and Tuscany for touring.
5. Florals from functions can be donated to hospitals, retirement homes after use.
6. **At the same time, we do also arrange for eco-friendly tours:**

Bicycling along the Old Appian Way in Rome (Sundays only)

Bicycling in Tuscany

Horse carriage transfers in Rome

Hiking in the Dolomites

Nature walks in the Lake region
